April 1986

President's Letter

Many thanks to Kerry McCalla for his fine presentation on his antique tool collection. It was rather evident that Kerry has spent many hours doing a lot of research on antique tools. Again many thanks Kerry.

We had a real good turnout even though the newsletter arrived a day or 2 after the meeting. Always remember that we meet the second Thursday night of every month at Acton Moulding and Supply in Helena.

At our last meeting it was suggested that we have another demonstration on how to make cabriole legs. So our next 2 meetings will be on cabriole legs. This month I will be demonstrating how to make the spoon foot leg and in May, Frank Jones will demonstrate the claw and ball. It was rather ironic that a few days after we decided to do cabriole legs I received my Woodsmith Magazine and guess what? Their feature article is on cabriole legs. As a matter of fact it's the same method I use which is one I got out of Fine Woodworking a few years back. So if you receive Woodsmith read up on it before you come because that is what we will follow. See you in April.

Spruce McRee

NEXT MEETING:
